1. [] Messrs. James Calloway and Guy McConnell, Senate Appropriations Committee staff, visited Headquarters this morning for briefings on the intelligence community and CIA with special emphasis on budget and fiscal matters. The briefings were given in the main by [] and Charles Briggs but the following persons also participated: W.E. Colby, General Lew Allen, [] [] John Maury, and [] The staff members seemed to grasp most of the information given them and we suggested that at their next opportunity we have Carl Duckett brief them on programs and activities under his responsibility.

2. [] Met with Frank Slatinshek, Chief Counsel, House Armed Services Committee, who told me that Chairman Nedzi, Intelligence Subcommittee, may schedule hearings for as early as next week on the reported Agency personnel reduction program. See Memorandum for the Record.

I briefed Slatinshek on the Communist force picture in South Vietnam.

3. [] Talked to Frank Slatinshek, Chief Counsel, House Armed Services Committee, about getting the Director and Chairman Lucien Nedzi, Intelligence Subcommittee, together to talk about the problem of out-placement of our surplus personnel about which Nedzi had expressed concern. He suggested I call Nedzi directly to arrange a meeting.

Arranged with Nedzi for him and Slatinshek to come out for a meeting with the Director and me at 0930 hours on Friday, 30 March.
